of fifty-one volumes, one for each of the States
District of Columbia, are required in order to
these data.

essful completion of this project has required
ation between the AMA and the Bureau of
Manpower of the Department of Health, Educa-
nd Welfare (DHEW). The *AMA Physician
ile* is the data source and considerable resources
en utilized by the AMA in developing the com-
rograms and designing the volumes. Contract
232-78-0163 with the Health Resources Ad-
ation of DHEW has provided the financial sup-
eded to print and disseminate these volumes. In
n to the bound volumes, print tapes of the infor-
contained in this report are available from the
of Health Manpower. Howard V. Stambler,
r of the Division of Manpower Analysis of the
of Health Manpower is the Contract Project Of-
Views or conclusions contained in this study

or policy of the Department of Health, Educa-
d Welfare.

acteristics of Physicians was conceived by AMA-
D partially in response to passage of the National
Planning and Resources Development Act of
PL #93-641). With passage of this legislation it
apparent that planning and regulation were to
integral components of the health care system in
ted States.

distribution of physicians also has been the ob-
Federal legislative action for several decades.
965, four separate pieces of legislation each at-
g to effect a different distribution of health
wer resources have been enacted by the federal
nent. The most recent of these is the Health Pro-

tion. Assessment of specialty and locati
distributions, determination of physician shorta
and planning to ensure that health care needs ar
quire detailed data on relevant characteristic
physician population. Data in the COP Series a
available with the expressed hope that they
coupled with intelligent analysis and careful po
mulation.

Use of these data, however, will not be rest
policy makers. In addition, individual physici
utilize *Characteristics of Physicians* for making
and migration decisions, and medical societi
consult *Characteristics of Physicians* to ascer
types of continuing medical education prograr
to be of interest to a large proportion of phys
the region. Researchers in health care and in th
sciences have also repeatedly expressed a need
type of data provided. Therefore, *Character
Physicians* is being widely distributed in an at
meet the repeatedly expressed needs of n
groups.

The efficacy of the market as an allocat
distributive mechanism for health care resourc
is gaining supporters. It will be some time, h
before the desired incentivcs can be reintrodu
the health care market. Until that time, the
CHSRD is attempting to ensure that all d
relating to health personnel are based on the b
available and, thus, introduce as few distor
possible.

Lynn E. Jensen

Director, Center for Health
Services Research and Devel

n. Gene Roback of the AMA Survey Data Center helpful advice and comments during conception and throughout the term of this project. Schneier and Raymond Healy, from the AMA on of Computer and Information Services, provided the programming expertise needed to complete Bureau of Health Manpower, Department of Education, and Welfare, and Project Officer, for forts to make publication and distribution volumes possible. Special appreciation goes Kramer, Contract Liaison, for her work in coor publication and dissemination activities for the

e purposes. Thus, the series provides the only
ible data base on physicians across all areas and
be of significant use to practitioners and re-
rs in the health care industry.

data presented here are for the physician popula-
acticing in the United States. Detailed character-
re presented for all physicians with known ad-
in a geographic region who are professionally
In addition, counts of physicians who are inac-
are not classified are provided on each table.

mber 31, 1975 was selected as the point in time of
ort for the following reasons;

PL #93-641 was signed in January, 1975, and it
was only during 1976 that significant activity was
undertaken in response to this legislation. Thus,
1975 represents the last year in which the health
care system was not affected by this major piece
of legislation and, therefore, is the most ap-
propriate base year for future analyses of the im-
pact of this legislation.

Because this represents the first statistical series
of its scope, an exceptional amount of time had
to be expended in the conceptualization of the
project, preparation of data set, and writing of
the necessary computer programs. However,
plans are being developed for publication of
these volumes on a more regular and current
basis in the future.

introductory material which follows provides

ician Characteristics

distributions of physicians are described in this
in terms of a number of professional character-
with some individual characteristics cross-
ed with others. Key characteristics include
ty, major professional activity, age, sex, board
ation, Federal or Non-Federal employment, and
nd county of graduation. The thirty-six specialty
cations used in this publication are the same as
sed in other AMA publications such as the *Physi-
istribution and Medical Licensure in the U.S.,*
nd are presented in Table B. A physician's
ty classification is defined as that in which he/she
spending the largest number of practice hours.
nber of county tables utilize the classification
of primary care/non-primary care specialists.
y care physicians, for the purposes of these
are physicians whose specialty is general prac-
mily practice, internal medicine, pediatrics, and
ics/gynecology. Another area of general interest
ialty board certification. Certification indicates
e physician has satisfactorily completed an ex-
ion in an area of specialization and has taken all

of the specific training requirements for certific
a specialty board.[2] The licensed physician is
practice any specialty regardless of whether th
cian is board certified or not. Tables in this pub
indicate board certification in some specialty
necessarily the specialty in which the phys
classified. However, over 90 percent of the ph
reported as board certified are certified in the s
in which he/she is classified.[3]

Physicians' professional activity by specialty
to assess the availability of patient care. Therefo
fessional activity is reported by patient ca
subgroups of patient care on the basis of "offi

data collection effort to provide information r to the data published in *Characteristics of Physi-* is being undertaken by the Cooperative Health ics System (CHSS). Although this system even- is to collect data on a state-by-state basis for thir- ealth related occupations, reports published as a of CHSS have not contained the level of detail

their interpretation. A few explanatory wo necessary about the treatment of the p classifications used in these tabulations.

As mentioned previously, it was felt that data or sionally active physicians would be most us research and planning purposes. At the sam however, it was felt that the total pool of p manpower should be represented in these volum dual purpose caused some problem in the desig tain tables because of the inactive and not class tivity categories. These two categories are inc the tabulations but are treated differently depe the type of cross-tabulation involved. Gene tables in which specialty is cross-tabulated wit professional activity, the inactive and not c physicians are included in the total value but distributed by specialty. Instead, these two va provided at the bottom of the specialty colum "Inactive," "Non-classified," and "A Unknown". To arrive at the total value, the and not classified values should be added to the the other major professional activity categori applies to Tables 1, 3, 6, 9, 16, and 19.

Address Unknown

Physicians with unknown addresses are inclu in Table I for informational purposes. Again, t is not distributed throughout the table but is inc the grand total. Physicians with unknown addr excluded from all other national tables; there grand total value on Table 1 exceeds the total Table 2 plus the total in Table 3, and the total in Table 4.

Availablity of Data

This concludes the description of data cont the COP series. Every effort has been made to the most frequently requested information in a meaningful to most users. These data are als made available in the form of print tapes f Bureau of Health Manpower. In addition, plans underway to publish the COP series on a regul

is without a unified approach and without
s to what these decisions would mean in terms
tical methods and interpretation of the data.
search activities within the Association became
ohisticated, the complexity of data requirements
d. The *Masterfile* was, therefore, expanded and
d to meet these requirements. Today, the *AMA*
n Masterfile is the most comprehensive and
e source of physician data in the United States.
les information on every physician in the coun-
nbers and non-members of the Association, on
es of American medical schools who are tem-
practicing overseas, and graduates of foreign
schools who are in the United States and meet
ucation standards for primary recognition as
ns. Thus, all physicians comprising the total
n manpower pool are included on the *AMA*
n Masterfile.[6]

is started on each individual upon entry into
school or, in the case of foreign and Canadian
es, upon entry into the U.S. As a physician's
and career develops, additional information is
o the file—e.g., internship and residency train-
nsure board certification, professional affilia-
and other characteristics. Although such
ristics change over time, they are not subject to
change. These types of characteristics are in-
n the "historical" portion of the *Masterfile.* In
, there is the "current professional activities"
of each physician's record that identifies his
address, professional activity, specialties, and
nent status. By definition, this current portion
Masterfile is subject to constant change and must
ted through intense monitoring techniques.

to 1966, physician classification by specialty,
and employment was made through the
cation of Professional Activities (CPA) system,
was based upon a "private practice/not in
practice" concept. Data were collected under
em via a short postcard-type questionnaire en-

manpower cannot be properly allocated am
ferent activities.

This recommendation gained extensive conside
1966 when the then AMA Department of
Research, which has been replaced by the Dep
of Statistical Analysis and is now a part of t
Center for Health Services Research and Devel
began its efforts to update, improve, and ex
AMA Physician Masterfile. In its evaluation of
base, it identified four major limitations in
classification system:

1. Existence of categories which were not
exclusive, resulting in confusion and du
between and within activity, special
employer categories.
2. Lack of a criterion upon which to base c
tion.
3. Lack of information on the most recent u
each individual record.
4. Unavailability of information on respo
for the annual verification questionnaire.

These deficiencies were of sufficient concern to
major revisions in both the structure of the file
data collection procedures. Therefore, a four-y
ject (the Reclassification of Physicians Project
itiated to redesign the classification system
undertook the Reclassification Project in coo
with the National Center for Health Statistic
United States Public Health Service, the Bu
Demographic Surveys of the U.S. Bureau of the
and knowledgeable researchers in academia.

The first step in reclassification was the resti
of the format of the 1966 edition of the *Distrib*
Physicians, Hospitals, and Hospital Beds, a pu
of the AMA Center for Health Services Rese
Development. Through a series of computer pr
the old *Masterfile* category "private pract
private practice" was converted to the more fu
"patient care/other professional activity." W
1966 format changes constituted a step in t
direction, an important deficiency in the publis
file of the physician population remained: data
being collected under the old classification m
became obvious that the data collection proced
to be revised to correlate with the new class

AMERICAN MEDICAL ASSOCIATION

535 N. Dearborn Street

Chicago, Illinois 60610

Dear Doctor:

Please complete this questionnaire as soon as possible so that your official record is up-to-date with correct and current information for printing of the *1973 AMA DIRECTORY*. Data obtained from this questionnaire will be aggregated and used to describe the distribution of physicians and to analyze health manpower. However, *NO information from your record will be released* to any organization for the purpose of developing independent physician data files.

Thank you.

Instructions

1. Please answer every question on the basis of your *current* activities.

2. ***Indicate any changes.*** Information which you provided previously has been printed in this form. Please *complete* unanswered sections and make *discrete changes* where applicable.

3. Upon completion, return the questionnaire at your *earliest possible convenience*, using the preaddressed envelope.

Contents

The questionnaire is divided into four sections:

I. *Professional Activities*—the types of activities in which each physician spends the most time during an *average week*.

II. *Specialization*—the time physicians spend in their major fields of specialization.

III. *Present Employment Status*—the number of hours *per average week* spent under various practice arrangements, by type of practice organization or employer.

IV. *Address and General Information*

Exclude time spent in training, teaching, or research. Include travel time and time spent on record keeping and other office work connected with your patients. . . . . . HRS. 4 HRS.

3. How many hours per week do you spend on ADMINISTRATIVE ACTIVITIES, AS A SALARIED STAFF MEMBER OR EXECUTIVE OF AN ORGANIZATION?
Exclude time spent on record keeping and office work connected with management of your own practice. Include activities connected with the administration or staff committees of a hospital or other health facility or agency, clinic or group, or any other organization by which you may be salaried as an executive or staff member. . . . . . HRS. 5 HRS.

4. How many hours per week do you spend on MEDICAL TEACHING?
Include hours spent in teaching as well as in preparation for subjects taught in medical schools, nursing schools, other hospital schools, hospitals, colleges, universities, or any other educational institutions. . . . . . HRS. 6 HRS.
a. OF THESE HOURS how many do you spend on direct care of patients?
Exclude time devoted to patient care by house staff under your supervision. . . . . . HRS. 7 HRS.
In view of possible overlap of hours spent in teaching and research, please do not double-count such hours, but report them instead in the most applicable category.

5. How many hours per week do you spend on MEDICAL RESEARCH?
All phases of investigating medical problems regardless of source of funds for such research.
a. OF THESE HOURS how many do you spend on direct care of patients?
Exclude time devoted to patient care by house staff under your supervision. . . . . . HRS. 8 HRS. HRS. 9 HRS.

6. How many hours per week do you spend on any OTHER medical activities *(not listed above)* INVOLVING DIRECT CARE of patients? . . . . . HRS. 10 HRS.

7. How many hours per week do you spend on any OTHER medical activities *(not listed above)* NOT INVOLVING direct care of patients? . . . . . HRS. 11 HRS.

8. About how many hours per week do you spend in ALL PROFESSIONAL ACTIVITIES? Total of questions 1 through 7 (exclude 4a and 5a) . . . . . HRS. 12 HRS.

If you indicated "zero" on question 8, or if *none* of the above categories apply to you, please answer question 9.

9. Are you:
1 ☐ RETIRED
2 ☐ SEMI-RETIRED
3 ☐ PERMANENTLY DISABLED
4 ☐ TEMPORARILY not in practice
5 ☐ Not active for other reasons *(please describe)*_____

Total of Section I, equivalent to total of Section II, and total of Section III, respectively.

Please *cross out* any prior information which is *not* applicable.

III. PRESENT EMPLOYMENT STATUS

Please indicate the current *number of hours spent per week* for the following types of employers. (Note: employer should **NOT** be confused with the physical location of where your hours are spent.) Please answer EVERY question 1-10. If you do *not* spend any hours for any one of the following employers, so indicate by entering zero (0) hours.

	HOURS PER WEEK	
	Prior Census	Changes If Any
1. Self: "solo" practice	HRS.	1 HRS.
2. Self: partnership practice	HRS.	2 HRS.
3. Arrangement with other physician(s): non-group	HRS.	3 HRS.
4. Group practice	HRS.	4 HRS.
5. MEDICAL SCHOOL (or parent university)	HRS.	5 HRS.
6. NON-GOVERNMENTAL hospital	HRS.	6 HRS.
7. City or county government — a. HOSPITAL	HRS.	7 HRS.
b. OTHER than hospital	HRS.	8 HRS.
8. State government — a. HOSPITAL	HRS.	9 HRS.
b. OTHER than hospital	HRS.	10 HRS.
9. U.S. government — a. HOSPITAL	HRS.	11 HRS.
b. OTHER than hospital	HRS.	12 HRS.

Indicate Federal Agency:

1 ☐ Army
2 ☐ Navy
3 ☐ Air Force
4 ☐ Public Health Service (C.C. & C.S.)
5 ☐ Veterans' Administration
6 ☐ Other _____ (SPECIFY)

13

10. OTHER ORGANIZATION--Not listed above

(all types of insurance carriers, pharmaceutical companies, corporations, voluntary organizations, medical societies, associations, grants, foreign countries, etc.) . . . . . HRS. 14 HRS.

If the address printed at right is NOT correct, please make appropriate changes in space provided.

(STREET)

(CITY, STATE, ZIP) 44-75

2. Please indicate at which address you wish to receive *medically related* material:

Professional Address..... ☐ 13

Home Address..... ☐ 14

3. Please indicate below the county and state of your HIGH SCHOOL graduation if in the United States or Possessions.

(County) 15-17 (State) 18-19 20-21

If already provided, please verify following:

(County) (State)

GROUP NAME

ADDRESS

CITY-STATE-ZIP

4. Please supply the following information:

Social Security No.:_____ 22-32

Age:_____ 33-35

Sex:..... ☐ 36 Male ☐ 37 Female

Race:..... ☐ 38 White ☐ 39 Black ☐ 40-41 Other
